**LETTER OF SUPPORT**  
**for the CEED-ECR Initiative**

On behalf of North-West Regional Development Agency from Romania, I express our full support for the **Centre of Excellence and Education for the Development of Energy Communities in Romania (CEED-ECR)**. This initiative aligns with the regional priorities related to environmental sustainability and renewable energy, aiming to empower energy communities through education and development.

The CEED-ECR exemplifies how engaging communities and focusing on renewable resources can lead to sustainable environmental and economic benefits. With its vision of inclusivity and community resilience, it's a model project we are willing to support.

North-West Regional Development Agency will support CEED-ECR project by facilitating access to target group, dissemination of the activities and correlation with regional strategies and funding opportunities, to support the development of community-led energy solutions.

We acknowledge the potential of the CEED-ECR and are committed to its success.

Sincerely,

Csilla Hegedüs

General Interrim Director

North-West Regional Development Agency, Romania
