To Whom It May Concern,

Subject: Endorsement of the CEED-ECR Project Initiative

On behalf of **Romanian Wind Energy Association (RWEA)**, a non-profit organization actively involved in the national and international policy and the dialogue on regulations, communication, research and analysis regarding the extension of renewable energy sources, being the voice of energy transition and the wind energy industry in Romania.

RWEA expresses its full support for the **Centre of Excellence and Education for the Development of Energy Communities in Romania (CEED-ECR)**. This initiative aligns with our dedication to environmental sustainability and renewable energy, aiming to empower energy communities through education and development.

The CEED-ECR exemplifies how engaging communities and focusing on renewable resources can lead to sustainable environmental and economic benefits. With its vision of inclusivity and community resilience, it's a model project we are proud to support.

Therefore, the Association is ready to offer its expertise for the success of CEED-ECR. RWEA encourage other stakeholders to support this relevant project, as it promises transformative outcomes for Romania and could inspire global community-led energy solutions.

We are excited about the potential of the CEED-ECR and are committed to its success.
